Before My Father's Face

Written by Danny Jones
Performed by: Hearts And Souls

Once I was beaten down…had a heart of stone
Didn't matter where I'd go…I felt so alone
That's when I cried out…Lord Jesus save me
He clothed on me with His love…His love is so complete

I'm not my own…I've been bought with a price
The precious blood…of my Lord Jesus Christ
He washes away…my old life by grace
Now I am resting in His heart of love…before my Father's face

He led me through three gates…said this is my city of love
The New Jerusalem…sent down from above
A city made without hands…He showed me a special place
Preserved by the Holy Ghost…a gift of His love and grace

You are the one true God…creator of the universe
Ruler over all things…the King of heaven and earth
Your son is one with you…He's my daily sacrifice
Hanging above the throne…the source of all life

I'm not my own…I've been bought with a price
The precious blood…of my Lord Jesus Christ
He washes away…my old life by grace
Now I'm resting in His heart of love…before my Father's face

Blessings of God

1. For many long years our God prepared - - the tabernacle feast for us
   To eat His life - - flesh and blood
   He prepared His city and Garden of Eden - - river of life He took
   From the blood - - of His saints for us

Chorus:

Blessings of God - - falling in heaven
Spewing out of His mouth - - for us everyday

2. In God's city on the Mount of Zion - - my mother cloths herself on me
   The Holy Ghost - - breaths on me
   So I breath her in, breath her out - - makes me a sacrifice
   For her son - - we are one

Repeat Chorus

3. Eat each day of His sacrifice - - in which every living thing hath died
   See it now - - above God's throne
   Treasures of power, treasures of love - - that control the heavenlies
   A sacrifice - - now cloths on me

Repeat Chorus

4. The river of life is crystal clear - - and the fruit I eat off the tree
   Has been prepared - - for you and me
   Suffered by blood and suffered by pain - - the saints, our family
   Were marked by Cain - - I eat their fruits

Lost in My Father's Heart

By Ron Davis

Chorus:

Lost in the heart of my Father
The whispering winds blow
Climbing over my soul
Crying out for His people
That do not yet know
The love He will show
In His heart for them

1. Wars and demons and prince in the air

   I leave a place for my people to hide
   In my heart where my love abides
   I'll comfort their wounds

Chorus

2. When oppressions and satan has stunk up the air
   And your children are crying and your verves cannot bear
   I'll leave a place for my people to hide
   In my heart where my peace abides
   Come into my heart

Chorus

3. On every street and TV and radio you'll hear
   The voice of satan and oppressions and fears
   So I'll leave a place for my people to hide
   In my heart where my music abides
   I'll sing them my song

Chorus

4. Listen you people who are lost and search everywhere
   To find a place of peace and love to abide
   Come I'll show you a place to hide
   We'll walk together and I'll show you

Written by Suzie Evans
Performed by Hearts And Souls

You've been bruised and battered by satan
Take my hand I understand
In religion you've been surrounded by false prophets
Who condemn their own kind of men

I'd be more than happy to show you the way
Where a brand new city does lie
It's not found in religion and it's the safest place to be
Just take my hand and the city will set you free

If you look you'll see people around you striving
To hold on, they just can't go on
They don't know there's no way to keep their sanity
In this hell of satan's spell

I'd be more than happy to show you the way
Where a brand new city does lie
It's not found in religion and it's the safest place to be
Just take my hand and the city will set you free

In this city of The New Jerusalem
You'll find Jesus, He stands in the gates
With His arms wide open to receive you
In His love, you have a place

He's a man that holds the keys unto all things
Go unto Him, always your friend
See the fire in His eyes as it burns right through you
Feel His love, feel His love

He'd be more than happy to show you the way
Where a brand new city does lie
It's not found in religion and it's the safest place to be
Just take my hand and the city will set you free

And you can look all around - - and behold this new place
You are living in my glory - - and my grace

2. Well this love that's all around you - - it feels so good
These feelings that you're feeling - - you never thought you could
Well you never imagined - - that it could be like this
Living in a dream - - that you thought you missed

3. Well I saw you when you were searching - - all around
Looking for that something - - that you never found
Then I reached in and grabbed you - - with my hand of love
Placed you inside me - - and now we're one

4. There's just one thing I command you - - it's so easy to do
Love one another - - as I have loved you
Be no respecter of persons - - love as you see me
I love the unlovable - - that's how it is with me

5. Some of them are waiting - - for me to come
Some of them or praying - - for me to send someone
And all of them are hurting - - they hurt so bad
While they all are waiting - - waiting so sad

6. Can you hear them crying - - can you hear them moan
Or is this something new to you - - that you've never known
They could never imagine - - that it could be like this
Living in the love - - that they think they've missed

7. You have received - - my covenant of grace
Now you can see - - my shining face
And you can look all around - - and behold this new place
You are living in my glory - - living in my grace

8. I showed you that great pearl - - which is me
In which you have been swallowed up - - now you see
With all your faults - - and all your flaws
Now you're in grace - - not under law

There's a shining land…A city made without a hand
On the Sea of Glass…Victory fires are burning fast
And the promise told…of a shining land with streets of gold
I can see the City if Love

It's the New Jerusalem
New Jerusalem
It's the New Jerusalem

Can you see it now?…Shining bright in misty clouds
The time is come…A finished work and it hath been done
Come into the City of Love

A New Jerusalem
New Jerusalem
It's the New Jerusalem

New Jerusalem
New Jerusalem
It's a New Jerusalem

The Giving Tree

Song: vs. 1. Lofty thoughts of good and bad - - cloud the choices we've had
The subtle voices in your head - - can rob you blind and leave you dead

Chorus: It's a long hard road to go - - when you don't want to know

2. Every now and then I find - - simplicity can free your mind
That contemplating good and evil - - will tear your soul and leave you feeble
Old Adam knows just what I mean - - that fateful choice he made with Eve
The fruit of knowledge they received - - was from that good and evil tree

Chorus: It's a long hard way to go - - when you don't want to know

3. Comes today the rising sun - - to shed new lights on every one
So recognize what I impart - - his judgment is upon the heart
To figure out what's right or wrong - - you'll miss the meaning of this song
It's not about what's good or bad - - or waving good and evils flag

Chorus: It's a long hard road to go - - when you don't want to know
The truth is plain to see - - just ask the giving tree

4. What is working in the heart - - it's where the righteous judgment starts
So look inside with open eyes - - and give yourself a sacrifice
Live the life of grace and love - - free at last we rise above
No more judging no more lies - - resting as a sacrifice
So if you will release your mind - - and eat just from this tree of life
A life of blessing you'll find - - with peace until the end of time

Chorus: It's a long road to go - - when you don't want to know
The truth is plain to see - - just ask the giving tree

Weep Mothers Weep

Bruised and bleeding...I stand in a crowd
Raggy cloths...torn shoes
Reaching out...oh, I'm reaching out
Trying to touch... her

Chorus:
Weep mothers...weep for me
I'm the child you can see
Weep mothers...weep for me
I'm the child you can see

Strongest nature...of my Father God
Placed inside...the woman
The gentle love...oh, that gentle love
That flows...from the heavens

When she hears...oh, when she hears
The children cry...she begins

Chorus
Music Break

Gentle cooing...oh, the gentle coo
Just like...the turtle dove
It opens up...oh, it opens up
Flood gates...of heaven

If you touch...oh, if you touch
Harm one...of the children
That turtle dove...becomes hell
Turns into...a cat

Chorus
Music Break

She touches in...oh, she touches in
To that life...of heaven
When the flood gates...open wide
Oh, the tears...begin to flow

She don't know...no she don't know
Why she cries....needlessly
But those tears...they come
Down...her face

Sees a child...on the street
Bruised and bleeding...taggered and torn
She feels that need...oh, she feels that need
Oh..._____

Chorus

Standing here...with my hands out
Trying...to reach you
Pull me in...to your bosom
Pull me in...real tight

Wipe away...the dirt
Wipe away...all this pain
From my head...down to my feet
Mother of heaven...wipe me clean

Point me to...point me to my Father
Point me to...to His face

Chorus
(Yes, it is.)
Music Break

Strongest nature...of my Father God
Placed inside...the woman
Strongest nature...oh, the strongest
It can break...down the door

Strongest nature...of my Father God
It can melt...you away

Chorus
(Yes I am.)

Raise my hand...oh, I raise my hand
Reaching out...to you
Mother of heaven...oh, take me now
Point me to...the Father's face

Chorus
Music Break
Chorus

Raise my hands...oh, I raise them
To the Mother... of heaven
